

Naturwein-Messe Zürich West: Catalogue Naturwein Messe public

On Saturday/Sunday 30 and 31 March 2019, the first natural wine fair in Zurich West will take place at Pfingstweidstrasse 6 in two locations. You will find with us 47 natural wine growers from Switzerland and Europe as far as Georgia and 6 Swiss wine merchants. The wines, which can be tasted, come from 8 countries.

We would like to invite wine connoisseurs to taste natural wines in our fancy exhibition passage and to discuss the theme of this new wine world with the winegrowers. There will also be snacks for dinner, an oyster bar and some music. So for your physical well-being there is and the kids also have something to watch during the Bike Days!

The criterion for admission to our fair is: Spontaneously fermented natural wines treated with little or no sulphur (red wines less than 50 mg and white wines less than 70 mg sulphite). Details can be obtained directly from the producers. As a visitor you will get to know different philosophies of winemaking and cultivation. There are winegrowers from small biodynamic farms to veritable Chateaux! What they all have in common is that they are looking for new ways and flavours beyond oak chips. So we can look forward to what awaits us in the shadow of the Prime Tower.

Admission Fr. 20, admission from 18 years, accompanied children allowed.

Opening hours Saturday 30 March 11.00 to 17.00 h, Sunday 31 March 11.00 to 19.00 h. So let's leave the corks popping and the established wine fairs behind us, relaxed and somewhat trashy, with the earth of the winegrowers on our shoes, with wines from cloudy to refreshingly sparkling, produced in amphorae or more conventionally. The exhibition rooms are located in the restaurant les halles as well as in the wine shop Steinfels at the Pfingstweidstrasse 6 in 8005 Zurich West.
